

WEB CODER and GRAPHIC DESIGNER Wanted!

Can You Make Beautiful Custom Wordpress Sites Using CSS and PHP?

Can you design infographics and print materials using Illustrator and Photoshop?

If the answer to both those questions is yes – then we have a job for you.

We need a talented individual who has excellent skills in web coding and graphic design.

(A knowledge of and interest in games and interactive storytelling will be an advantage.)

If you are interested in working for us and have plenty of good work you can show that will prove your skills in Wordpress, PHP, CSS, Photoshop and Illustrator - please send bio and links to: info@bellyfeel.co.uk

Bellyfeel is a company who specialise in storytelling and modern audiences. We run our business as part agency, part interactive publishing house and part R&D development.

The job starts as part time on a trial basis and will go up to full time when we find the right person. Starting pay - part time @£8 p/hr - moving to full time and related pay increase.

To apply send your bio and links to examples of Web Coding and Graphic Design work to: info@bellyfeel.co.uk

Bellyfeel.
